In applying for the MSMC SAINTS Scholarship Program, I agree to take at least 9 credits during both the 2007-08 fall and spring semesters in the MSMC Accelerated Program.

Additionally, I have:

1. Submitted my FAFSA form, and
2. Submitted official transcripts documenting that I have completed 60 credits and indicating my respective cumulative GPA's at each institution.
3. Submitted personal statement. Include why your circumstances make you the best candidate (overcoming obstacles, unique career plan, special achievements or volunteerism).

Following is a full description of all additional financial assistance over and above that provided by Mount Saint Mary College (e.g. employer tuition assistance, military Tuition Assistance, other local scholarships and assistance) for which I am eligible:

2. \_\_\_\_\_
3. \_\_\_\_\_

If funds are awarded to a student and it is later discovered that tuition assistance was received by that student that had not been previously divulged, the student will agree to repay any scholarship funds received.

I understand that this SAINTS Scholarship for which I am applying will be awarded on a competitive basis based on applicants' documented academic proficiency and financial need. Scholarship awards will be credited to the awarded students' accounts at the completion of the add/drop period of the last Accelerated Session of the fall and spring semester. At the beginning of these final sessions, this award amount will appear as an unapplied credit on the awarded students' accounts.
